

HOME FASHIONS

YOUR PRINT PROVIDER

With over 35 years of experience in flat packaging, Daniels Graphics has worked with top brands to achieve and exceed their marketing objectives. Trusted, long-term relationships are at the core of our business philosophy. We bring together decades of broad-based print expertise and technology in partnership with our clients.

How would you like to have a reliable print provider for your brands that knows the home fashions industry and understands the needs of textile manufacturers?

FLAT PACKAGING

DESIGN / BRAND / PRINT

WE KNOW FLAT PACKAGING.

Laura Ashley, Tommy Bahama, Vera Wang, Nautica and Candice Olson all trust Daniels Graphics to manage home textile packaging inserts for a world-wide market. Our support helps these brands speed to market, control their brand standards and maintain their supply chain. Our experience includes meeting and often setting the print standards for these brands. If your company is interested in greater control and flexibility of its packaging, or if you struggle with any of these issues, **we can help.**

OUR FOCUS:

- Consistent quality with your printed packaging
- Maintain brand standards
- On time delivery of needed materials for your supply chain
- Accurate color match from fabrics to packaging
- Cost control associated with materials management and obsolescence

PACKAGING INSERTS:

Inserts, J-Boards, tip-ons, die-cutting, stickers, and more

Although each company faces unique challenges, the results we achieve for our customers are real and repeatable.
